

# Changing Lives... for good

## Study Questions and Encounters with Scripture

### **Introduction by Bishop Peter Price**

*Changing Lives... for good* is a new DVD series that tells the stories of ordinary people who are discovering a new way to live. Individuals and groups share with me their experiences of trust, leadership, forgiveness, sharing and suffering.

Each programme includes interviews and reports, as well as my own comments on what helps people in *Changing Lives... for good* within individuals, churches and communities throughout Somerset.

The six programmes in the series are based around the example and teaching of Jesus, who offers a new way for people to live:

*You show wisdom by trusting people*

*You handle leadership by serving*

*You handle offenders by forgiving*

*You handle money by sharing*

*You handle enemies by loving*

*You handle violence by suffering*

*You have a new attitude:*

- *Towards everything*

- *Towards everybody*

- *Towards nature*

- *Towards the state*

- *Toward all and every single thing*

*And in a Jesus Society, you repent, not by feeling bad, but by thinking differently*

These studies have three strands to them.

One strand is my look around Somerset and a little beyond. The second is seeking to understand what the Jesus society looks like. The third is you and your life situation.

I hope this DVD will inspire and encourage you as an individual or a group to see situations that need changing, and to consider where you might help to make change for good.
